

Dear Parent,

Thank-you for allowing your student to participate in the Ski Utah School Program. In order to expedite the organization of this program, submit your student's registration application online at <https://www.skiutah.com/school>. Following completion of the application, Ski Utah will email confirmation and a link to print the Ski Utah liability waiver although teachers may send a printed form of the waiver home with your child. Print and sign the Ski Utah waiver plus any other resort area forms and return them to school along with a donation **of \$35 (checks must be made out to the school, not Ski Utah)** and notification for the teacher that you completed the process online. Please speak with your child's teacher if your child wishes to attend and a donation is an issue. The donation should not be the prohibiting factor in participation but we greatly appreciate it to keep this experience possible. Without your helpful donation, we would not be able to offer this program.

Your child will be going to this resort:

On this date:

Your child has the option to choose the following when filling out the Ski Utah application:

- Ski only (if your child's teacher checks this box, you must "check" the skiing box on the application)
- Skiing or snowboarding (if your child's teacher checks this box, your child may choose to ski or snowboard)

Field trip departure time:

Equipment

If your school is picking up equipment at the resort, you will be required to fill out a separate resort rental form/waiver prior to the trip **in addition** to putting height, weight and shoe size on the registration site. Rental information must be on the rental form as well as the registration site. It is the legal document.

If your child's school is picking up equipment in town the night before the field trip, parents will receive a voucher for a specific ski shop. Parents may only go to the shop listed on the voucher. Return equipment immediately following the trip (same day), or risk paying full price rental fees for every day the equipment is late. If you fail to secure equipment the night prior to the trip, we will be unable to accommodate your child at the resort.

Deadline dates for online registration:

- Nov. 23 for schools with trips Dec. 1-16.**
- Dec. 16 for schools with trips from Jan. 5-Jan. 14**
- Jan. 5 for schools with trips after Jan. 15**

Detach and return the following notification to your child's teacher.

Student's Name:

- I completed an application online and am submitting all the paperwork with payment of \$35.
